Professional Skills

HTML
CSS
JavaScript
Adobe Photoshop
Sketch
Adobe XD

Work Experience

VEBBOX
 web developer
    August 02-Present

Web developers design and build websites. They are typically responsible for the appearance, of the site and technical aspects, such as site speed and how much traffic the site can handle. Web developers may also create site content that requires technical features. They are sometimes known as web designers or full-stack developers if they can do both front-end and back-end development..
Junior Web Developer
User generated content in real-time will have multiple touchpoints for offshoring.

Education

Bachelor of Engineering from ARASU ENGINEERING COLLEGE
2019 – 2023

Statement of Purpose (SOP) for Computer Science is an opportunity for students, especially international students, to promote their subject knowledge, skills, and experiences. It should never be taken lightly as it serves to show your previous expertise and ability to acquire more similar abilities from higher education. A Statement of Purpose for Computer Science courses is not always a mandatory requirement for undergraduate courses. However, for postgraduate programs, universities abroad ask students to submit an SOP.

Science and Mathematics from SRI SARASWATHI PADASALA GIRLS HIGHER SECONDARY SCHOOL
2017 - 2019
